

Angle Adapter Kits for Hanger Applications

Product Description

Angle Adapters provide an effective transition allowing the installer to easily secure hangers to solid angle members or in areas where mounting holes are not easily accessible. The 8 ga. stainless steel construction remains corrosion free ensuring long term system integrity throughout extreme weather conditions. The steel set bolt locks the angle adapter to standard tower members or to mounting surfaces less than $\frac{7}{8}$ " thick. The toothed jaw effectively secures large volumes of coax in heavy wind and ice loading conditions. Three $\frac{3}{8}$ " tapped holes enable the Angle Adapter to accommodate hanger types which utilize $\frac{3}{8}$ " mounting hardware. Angle Adapter Kits include 10 angle adapters, set bolts fillister screws and washers.

Typical Applications

Large Version

- MAR-AASLX
- MAR-AAGLX
- MAR-AAUX
- MAR-AAGUX
- MAR-AAUSX
- MAR-AAGX
- MAR-AASLM10X*
- MAR-AAZLX

$\frac{3}{8}$ " Tapped holes
(MAR-AASLM10X* has 10mm Tapped holes)

*Note: Dimensions are for reference only

Small Version

- MAR-AASSMX
- MAR-AAGSMX
- MAR-AAZLX

$\frac{3}{8}$ " Tapped holes
